Re: Extension of Time to Reply to Section 104(e) Request

Dear Mr. Seidenberg:

This is to confirm our telephone conversation of this morning. An extension until October 30, 1996, has been granted for Mobil Oil Corporation to respond to the August 13, 1996, 104(e) request for the above-noted site.

This also confirms my request for an information sheet to be sent to me via fax at (703) 849-3620. I understand you will arrange for Mr. Joseph Cosentino to call me upon his return to the office next week, to discuss documents EPA has in their possession linking Mobil Oil Corporation to this site.

Thank you for your assistance.

Sincerely,

Penny Wirsing  
Superfund Response Coordinator
